

PU33 Charging Cart Trolley

The Future Of Efficient Charging

In today's fast-paced digital world, keeping your devices charged and ready for action is essential.

Our cutting-edge charging carts are designed to meet all your needs, providing a seamless and efficient charging solution for any environment.

Features

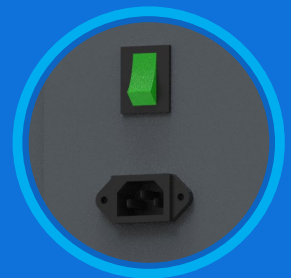

POP-N-GO bays are so easy to adjust; simply pop them out of place and position them at any width.

Devices are secured with password & mifare card.

Doors, side panels and interior panels are ventilated so that devices stay cool.

The power outlets at the side so they're easy to reach.

Spacious area at the back keeps cables and power adapters protected and secure.

Heavy-duty 4" (10 cm) locking casters move smoothly over rough surfaces. Easy to steer - Two directional lock casters and a wide handle grip.

Overload, overcurrent, short-circuit, and leakage protection for worry-free charging.

Ideal for Any Setting

Educational Institutions

Keep tablets and laptops ready for students throughout the day.

Corporate Offices

Ensure your team's devices are always charged for important meetings and presentations.

Healthcare Facilities

Maintain the functionality of critical devices, ensuring they are always operational when needed.

Public Libraries

Provide patrons with a convenient way to charge their devices while they enjoy your services.
